

### **AMENDMENTS TO THE SEQUENCE LISTING**

Please replace the originally filed Sequence Listing with the substitute Sequence Listing filed herewith.

The substitute Sequence Listing differs from the originally filed Sequence Listing in that a single amino acid (i.e., position 455) of SEQ ID NO: 4 has been corrected. Support for this amendment can be found in the specification as originally filed at paragraph [0044]. Additional support can be found in SEQ ID NO: 3 in the originally filed Sequence Listing, which is the nucleic acid sequence encoding the amino acid sequence of SEQ ID NO: 4.

Applicant respectfully submits that no new matter has been added. Entry of the substitute Sequence Listing is respectfully requested.
